any determinations in Inoue about whether a USCP falls within a defined threshold, and finally nor does Inoue construct curves going through a USCP or a conceptual maximum or minimum value. Accordingly, Inoue fails to anticipate the inventions of any of claims 1, 13 and 19. Allowance of claims 1, 13 and 19 is therefore earnestly requested.

Dependent claims 2-12, 14-18 and 20-26 have all of the elements of the respective independent claims from which they depend and Inoue therefore fails to anticipate these claims for the same reasons presented for claims 1, 13 and 19 above.

New claims

New claims 27-29 are patentable over Inoue for substantially the same reasons as stated for claims 1-26 above.

Conclusion

Based on the amendments and remarks herein, the Applicant respectfully requests prompt issuance of a notice of allowance for claims 1-26 in this matter.
